The Secretary to Government,
Law Department, Bangalore

Supply of Stoneware pipes and junctions from the Mysore Stoneware pipes and Potteries Ltd ,Bangalore to meet the urgent requirements of the Bangalore City Drainage Division

SIR

I have the honour to state that on account of booking difficulties, in connection with the despatch of stoneware pipes from the accepted tenderers at Jabbalpore, Government have been addressed in this office letter No C 81 1412 dated 22 3-44 for a priority certificate In his letter No 303 dated 5th April 1944 the Special Officer, Bangalore City Drainage Division states that it is very necessary to arrange for the steady supply of the pipes in order to maintain the progress of the Division, as it may take at least a month or even more before the priority certificate for the movement of the pipes could be obtained The Special Officer therefore suggests the obtaining of the immediate requirements from the Mysore Stoneware Pipes and Potteries Ltd , though the quotation of the firm is higher than that of the Jubbalpore firm who are the accepted tenderers The Secretary, Stores purchase Committee who was addressed in the matter has enquired whether, in view of the urgency pipes required now may be ordered from the local firm at the increased rates The immediate requirements or the Bangalore City Drainage Division for the next two months will be

8000 - 7" diameter stoneware pipes and 300 - 7" x 4" stoneware junctions The extra cost involved will be Rs 7,900/- in view of the higher rate of the local firm as noted below

	Stoneware Pipes & Potteries Ltd ,	Peffect Pott Ltd,,Jubbalp
1 ,8" dia stoneware pipes	Rs 3-2-0 each	Rs 2-4-0 eac
2 7" x 4" junction	Rs 5-10-0	Rs 4-2-0 "

In the interests of the work of the Bangalore City Drainage Division, the purchase of stoneware pipes and junctions from

local firm (though the rates are higher) seems necessary I request you to be so good as to obtain and convey orders of Government in the matter at a very early date

The contractors will have to be paid the difference in rates If the pipes and junctions are received from the Jubbalpur firm early, further purchases from the local firm will be stopped

SECY LAW DEPT 6 JULY 1944 GOVT OF MYSORE

Supply of stoneware pipes and junctions from the Mysore Stoneware Pipes and Potteries Ltd ,Bangalore to meet the present requirements of the Bangalore City Drainage Division

SIR

Adverting to G O No I 11252-5/41 81-45-35 dated 9th May 1944 conveying sanction of Government for the purchase locally of half the quantity proposed by this office, I have the honour to state that the Special Officer, Bangalore City Drainage Division reports in his letter No 376 dated 23rd June 1944 that as it has not been possible to obtain pipes and junctions from Jubbalpore for want of high priority certificates, the contractors are pleading their inability to give the stipulated progress on works He therefore requests approval to purchase the number of pipes and junctions originally requested, so that the several works may be kept going without stoppage

I therefore request you to be so good as to obtain and convey approval of Government to the purchase of the remaining quantity of the pipes and junctions that is, 4,000 - 7" diameter stoneware pipes and 450- 7" x 4" stoneware junctions at Rs 5-2-0 and 5-10-0 respectively from the Mysore Stoneware Pipes and Potteries Ltd

The figures of 300 mentioned in this office letter No C 81-1467 dated 17 4 1944 for junctions was a mistake It should have been 600 Hence the balance of 450 is now mentioned in the present letter

The extra cost involved by the total purchase of 8,000 stoneware pipes and 600 junctions in all will be 7,900/- as already mentioned in this office letter of 17th April 1944

A copy of letter No 376 dated 23rd June 1944 of the Special Officer, Bangalore City Drainage Division is enclosed for the information of Government

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR OF PUBLIC HEALTH

Letter No 676 dated 20 6 1944 from the Special Officer, Bangalore City Drainage Division, Bangalore, to the Director of Public Health in Mysore, Bangalore

Re Supply of Stoneware pipes and junctions to the contractors

I have the honour to state that half the number of pipes and junctions that were ordered to be purchased in G O No L 11358-5/41-35 dated 9th May 1944 from the Stoneware Pipes and Potteries Ltd, have been obtained from the said firm and used on works As it has not been possible to obtain pipes and junctions from Jubbalpore for want of high priority certificates, the contractors are pleading their inability to give the stipulated progress on works I therefore request you to kindly convey approval at least to the purchase of the remaining number of pipes and junctions so that the several tendered works may go on without stoppage.

In this connection, I wish to point out that the number of junction pipes mentioned in this office letter No 303 dated 5th April 1944 ought to have been 600 instead of 300 as noted by mistake, if the extra cost should be Rs 7,900/- as per details furnished below

8000 pipes at Rs 0-14-0	7,000/-
600 junctions at Rs 1-8-0	900/-
	Total Excess Rs 7,900/-

As approved by Government, 4,000 pipes and 150 junctions have already been purchased by the tendered contractors and the remaining 150 junctions also will be purchased from the firm, in view of the discrepancy pointed out

I now request your kind and very early approval to the purchase of the remaining 4,000 pipes and 300 junctions from the Mysore Stoneware Pipes and Potteries Ltd, at the rates fixed by the Stores Purchase Committee, as without pipes the works of this Division will come to a stand still
